

Tango Suite

*A world premiere by Denis Plante
that we will not soon forget*

Caroline Rodgers
Ludwig van Montréal

Cellist Stéphane Tétréault and bandoneonist Denis Plante once again join forces, revisiting the sensual universe of the tango.

The one-of-a-kind duo tackle the Tango Suite: inspired by J.S. Bach's Cello Suites, these six original pieces explore scholarly music gone rebellious, in a dizzying display of rhythm and passion.
