*This project is truly remarkable. It is sadly
luminous. Heartbreaking, even.*

Cellist Stéphane Tétreault and
bandoneonist Denis Plante once
again join forces, revisiting the
sensual universe of the tango.

The one-of-a-kind duo tackle the
Tango Suite: inspired by J.S. Bach's
Cello Suites, these six original pieces
explore scholarly music gone
rebellious, in a dizzying display of
rhythm and passion.

*Stéphane Tétreault excels
in this musical genre*
